"NORWAYS"

IS STRICTLY a sanatorium for the care and treatment of the sick. It is not a place for persons in search of amusement. The institution is composed of separate buildings, and is thoroughly equipped in every particular. The grounds are extensive and beautiful. The cuisine is excellent. Every method of treatment of known value is employed by skilled attendants and specially trained nurses. Patients suffering from all forms of **nervous disease**, *both medical and surgical*, rheumatism, kidney troubles, the various drug habits are accepted. *Paralytic children* and those in need of the "rest cure" are especially treated. *Only mild mental cases are taken.* Separate building for such patients.

Terms. All charges are payable weekly, one week in advance, without exception. They range from \$35 to \$70 per week, depending upon necessities of treatment and location of room. Regular sanatorium rates include board, room, nursing, treatment and physician's fees. There are no extra charges, unless a special nurse (\$20 to \$25 per week) is demanded. Average rate, \$50 per week.

The first complete examination is \$10 to \$25, whether a patient remain in the institution or not.

Fees for operations depend upon special conditions and are not included above.

Outdoor patients will be charged according to the treatment employed.

Garments. — Patients should wear comfortable clothing. No finery is advocated. Each person should have a bath or lounging robe.

Every patient must adhere to the printed rules and regulations of the sanatorium. These are posted in proper places about the buildings. No exception will be made to them in any case.

N. B. No person should be brought to the institution who is too weak to be safely removed from home. For further information apply to the Director.

YOU CANNOT LOSE AT THE WHEN

EXCELLENT QUALITY *is with us a matter of daily output and is not a matter of chance*

YOU will find it to your advantage to consult us when in need of engravings of machinery or other mechanical work, either perspective, sectional, X-Ray (or ghost) views, or any combination of these.

While good photographs are always desirable copy to work from, it frequently happens that cuts must be made of machines which are in the course of construction, or that the conditions are such that it is impossible to get photographs. Under these conditions our knowledge of mechanics enables us to make suitable drawings from blue prints, linen tracings or rough pencil sketches, from which strictly first class halftones may be made.

The same high quality is maintained in our cover designs, letter heads, birdseye views of factories and plants, magazine ads, newspaper ads, photo retouching, halftones from portraits, views of buildings, interiors, zinc etchings from pen drawings, testimonial letters, newspaper clippings, etc. In fact, anything you may need in the engraving line we can supply promptly, and you can depend upon receiving a quality of work which will give absolutely satisfactory results.

IT WILL PAY YOU TO TEST OUR SERVICE

THE MOTH ARMY'S ADVANCE

They'll be right among us now before we know it. Are you ready for them? What about that nice fur coat—that sealskin? And your small furs—they're worth taking care of, surely. We send for furs and insure them at moderate expense against FIRE, MOTHS and THEFT. The beneficial effect on furs of our treatment during the summer months is alone worth the entire cost of storage.

Attention is called to the advantage of ordering furs, repairing and remodeling furs during the dull season.

COMFORT, STYLE, DURABILITY and PERFECT FIT

We send for your furs, giving receipt—insuring them. Where repairs amount to \$5.00, the storage will cost you nothing.
